

Disinfection column

Hygiene station for disinfectant dispensers

The mobile solution for the ease of hand disinfection

Disinfection column – Flexible and mobile

Easy to clean and directly applicable

Contactless or with manual lever
Completely assembled – Ready for use

BERNSTEIN – Proven industrial technology offers numerous application possibilities and hygienic safety in all areas.

No matter whether in entrance areas, office buildings, shopping centres, hotels, sanitary facilities or public institutions. With the freestanding hygiene station, you can place your disinfectant dispenser in such a way that it can be easily used by visitors / employees. Almost everywhere there is the opportunity to maintain effective hand hygiene – especially where there is wall mounting is not possible.

The hygiene station is delivered fully assembled including dispenser and memo board – directly ready for use.
Would you like parts of the column in your CI colour?
With pleasure! Specify your desired RAL colour when ordering.
